ENHANCE YOUR CULINARY EXPERIENCE

BRAIN HEALTH

CARDIOVASCULAR HEALTH

HIGH ANTIOXIDENTS & FIBER

Thai rice varieties offer benefits including being a source of essential nutrients like B vitamins, fiber, iron, and carbohydrates for energy. Jasmine rice provides antioxidants and omega-3 fatty acids for brain health and anti-aging skin benefits. Omega-3 fatty acids found in jasmine rice can support brain function and may help prevent dementia.

Price **410 - 1180/MT**

Mercury Trade Global Exports partners with Udomthanya 2522 Co., Ltd (Formerly, Udomthanya Rice Mill Limited Partnership) and a broad network of central Thai farmers and mills to export premium Thai Jasmine rice, Thai Pathumthani fragrant rice, and various high-quality rice varieties to the global market. Our objective is to deliver the finest fragrant Thai rice to discerning customers worldwide, celebrated as the best in the industry.

We adhere to Thailand's "SUMRUBTHAI" export policies throughout our production processes, emphasizing our commitment to brand integrity and compliance with the highest international standards. This dedication enables us to effectively serve and satisfy clients in the USA, Europe, Asia, and beyond.
